

Redundancies is a keyword when it comes to the Hydrosport RIB909. Every possibility has been accounted for. Nothing is left to chance.

The RIB909 can be built for any application you might desire: passenger transport, military and other work applications. Or for the serious ribster: for pure leisure.

To make sure your RIB909 can be shipped efficiently to any part of the world, it can be supplied with a shipping cradle to fit inside a regular 40' container.

RIB909 – Where shall we go today?

LOA: 9,09 m

Beam inflated: 2,95 m

Beam deflated: 2,3m
